

OUR MISSION

FAHCS, led by a board of industry experts, maintains a high standard of advocacy. Established in January 2009, we fight to protect and preserve the integrity of our industry as providers and the beneficiaries we serve. We are working with providers and government agencies to enhance the industry.

WHAT WE DO:

As Providers support patients, they themselves must also be supported. FAHCS strives to raise awareness, provide assistance and bring equality to Providers as we strengthen the industry. Through information, education, networking and government advocacy - both state and federal, we are able to provide the helping hand that patients and businesses need and deserve.
